

31.9.-1.10.2025
HELSINKI, FINLAND

ADVANCED MRI SAFETY SEMINAR

TOBIAS GILK

Venue & Accommodation

Clarion Hotel® Helsinki Airport

The hotel is conveniently situated right opposite to the Helsinki airport, and you can access the terminal and train station from the hotel via an indoor walkway. From the city centre, public transport trains I and P run between the central Helsinki and Helsinki-Vantaa Airport.

As an accommodation participant, use the booking code **EVENTSHELSINKI** to get a 15% discount on the price of accommodation for the day. The promotional code is valid for all room categories, as long as hotel rooms are available.

Reservations should be made with the booking code **EVENTSHELSINKI**, on the Clarion Hotel Helsinki Airport website www.strawberry.fi

Registration

Early Bird till 1.8.2025

- radiographers 495 €
- other professionals 595 €

After 2.8.2025

- radiographers 595 €
- other professionals 695 €

Registration fee incl. lectures, coffees, lunches that are on the seminar programme.

PROGRAMME

DAY 1, Tuesday 30.9.2025

7.30-8.30	Registration and coffee
8.30-9.30	Spatial Distributions of MRI Electromagnetic
9.30-10.30	Static Magnetic Fields I (properties & risks)
10.30-10.45	Break
10.45-11.30	Static Magnetic Fields II (properties & risks)
11.30-12.30	Time-Varying Fields: Common Elements
12.30-13.45	Lunch
13.45-14.45	Time-Varying Gradient Magnetic Fields (properties & risks)
14.45-15.45	Radio Frequency (RF) Magnetic Fields (properties & risks)
15.45-16	Coffee break
16-17	Implant / Device MR Conditional Labeling
17-18	What It Means To Go "off-label"

DAY 2, Wednesday 1.10.2025

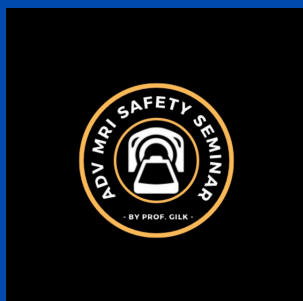

8.30-9.30	Gadolinium-Based MR Contrast Agents
9.30-10.30	Pregnancy & MR Safety
10.30-10.45	Coffee break
10.45-11.30	Implants / Device Scenario Testing I
11.30-12.30	Implants / Device Scenario Testing II
12.30-13.45	Lunch
13.45-14.45	Physical Environment / Cryogenics
14.45-15.45	Atypical MR Environment Safety
15.45-16	Coffee break
16-17	MRI Safety Standards
17-17.45	Operational Safety Structures
17.45-18	Closing the Seminar

Speaker Tobias Gilk

Tobias Gilk, the founder of GRC, is an architect by training, but has spent 20+ years focusing on MRI safety, initially through the architecture and planning of MRI facilities, but quickly growing into the technology, clinical practice, regulation, and economics of MRI safety.

- Twice a member of the ACR's MRI Safety Committee
- Co-author of ACR MRI safety standard guidance
- Founding Board member and past Chair of the American Board of Magnetic Resonance Safety (ABMRS)
- MRSO and MRSE certifications from the ABMRS
- The International Electrotechnical Commission's (IEC) committee expert in MRI safety standards for manufacturers
- Recognized by both state and federal courts as an expert in MRI safety issues
- Published dozens of papers and articles on MRI safety
- Twice named finalist of Best Radiology Educator award
